**RE: Colbert Community Relations Plan**

Dear Teri,

At the June 14, 1990 meeting in Spokane, Ecology agreed to revise the Colbert Community Relations Plan. Spokane County hereby submits the following recommendations:

**Section E. Techniques and Timing  
Remedial Design (RD)**

**Preparation and Distribution of Fact Sheets:**

X Informational fact sheets will be produced on a quarterly basis, although depending on the need can be more or less often. Fact sheets will be used to update the public about mobilization activities, design milestones and any other information deemed pertinent by Spokane, Ecology, or EPA. Fact sheets will also be used to notify the public in the event of activities or findings which were not anticipated or which, if not explained, could be alarming to the public. Ecology may prepare and distribute fact sheets in the event the County determines a lack of necessity, in which case the County will provide information. fact sheets will be provided to those on the Colbert Landfill mail list and any other individual, firm agency requesting them.

**Remedial Action (RA)**

**Preparation and Distribution of Fact Sheets:**

(same as RD)

**Site Tours:**

...scheduled for a time convenient to the community and the Spokane County's consultant.
